

1011-00-WH

Right-Angle Wi-Fi Access Point Wall Mount / White

Collection: H-Plane™ | Series: 1011

Achieve optimal wireless coverage by mounting Wi-Fi AP in preferred horizontal orientation on walls. This H-Plane™ right-angle mounting bracket has a hinged, snap-down cover and sidewalls to help conceal cabling and can be placed directly over data outlet. Mounting features for Cisco and Aruba Networks APs and includes universal T-bar for most other vendors' APs. Attractive powder-coated steel finish. Ideal for hard lid environments such as hotels and retail spaces. Add a matching black AP cover to help to conceal AP in open ceiling environments.

Features & Benefits

- Aesthetic right angle bracket, designed for mounting most vendors' enterprise APs on the wall
- Enables AP to be mounted in the preferred horizontal orientation
- Can be mounted directly over telecommunications outlet, concealing outlet, connectors, and cabling
- AP cover accessory can help to conceal AP in open ceiling environments. See the AP Cover Accessory Guide in the Resources section below

Technical Specifications

- Design: Wedge shaped right-angle mounting bracket with cover for securing Wi-Fi APs on walls. Designed to mount the AP in the preferred horizontal orientation. Accommodates most vendors' APs
- Knockouts on two sidewalls for 1 in. trades size conduit connectors
- Hinged cover to conceal cabling
- Mounting features to directly attach Cisco, Meraki, and Aruba APs. Also Includes adjustable T-bar bracket for attaching most vendors' APs
- Construction: 20 ga. white powder-coated steel
- Size: 9 x 7 x 5 in. (229 x 178 x 127 mm)
- Made in the USA
