

1017-BK

10 in. Protective Plastic Box for Wall-Mounted Wi-Fi Access Points / Black

Collection: Hi-Bar™ | Series: 1017

Hotels and residence halls often require APs in each room. Many compact APs fasten to a telecommunications outlet low on the wall, vulnerable to tampering, disconnect, or accidental damage. This compact, non-metallic Hi-Bar™ plastic box protects the AP and cables connected to it. Deep enough to surface mount APs without a telecommunications outlet in the wall, the low-profile 1017 is molded from durable ABS plastic, virtually transparent to the wireless signal. Box cover has tamper-resistant screws.

Features & Benefits

- Impact-resistant, ABS plastic protective box in black (1017-BL) or off-white (1017-WH), designed to protect smaller, wall-mounted APs
- Ideal for protecting wireless access points in hotel rooms and residence halls
- ABS plastic is virtually transparent to wireless signals
- Mounts directly over AP attached to the wall, or use internal AP standoff bracket included, for surface mount applications without telecommunications outlet in the wall
- Includes cable guard to protect cables and cable jacks from tampering
- Tamper-resistant hardware (torx screws) for cover
- Low profile (3.15 in.); fits behind desks or furniture

Technical Specifications

- Design: AP enclosure designed to be surface mounted on hard-lid ceilings or walls. Designed to accommodate smaller wall mount APs with integrated or non-detachable antennas, such as Cisco 702W or Aruba 505H APs
- Performance: Ventilated, impact resistant ABS plastic enclosure is virtually transparent to wireless signals
- Screw on cover with tamper resistant (torx) screws
- Internal universal AP standoff bracket for surface mounting applications without outlet in the wall
- Cable guard to protect cables and cables jacks from tampering
- Construction: UL94-5VA classified ABS plastic, Beige body and cover
- External size: 6 x 10.1 x 3.15 in. (152 x 256 x 80 mm). Available internal dimensions 5.78 x 9.75 x 2.91 in. (147 x 248 x 69 mm)
- Made in the USA

Safety & Standards

- UL-945VA ABS Material

Fits the following AP's:

Aruba
AP-205H, AP-303H, AP-505H, AP-93H
